## Commissioner for Patents

The references listed on the Information Disclosure Statement filed March 12, 2009 have been considered by the examiner and are made of record.

With respect to applicant's pending applications identified in the IDS letter filed March 12, 2009, the examiner notes that the certification statement apparently does not apply to these items of information. Each of the listed applications was listed (by application number and/or by related patent application publication number) in one or more of the IDS letters filed April 23, 2008, December 19, 2008, and January 21, 2009. Further, the patent application publications for each of the listed applications was previously made of record by the examiner, and will be listed on any patent that issues from the present application (see the PTO-892 that was mailed with the Notice of Allowability on January 22, 2009).

Any inquiry concerning this communication should be directed to Marie R. Yamnitzky at telephone number (571) 272-1531. The examiner works a flexible schedule but can generally be reached at this number from 7:00 a.m. to 3:30 p.m. Monday and Wednesday-Friday.
